FEATURES

- Art Deco-inspired design with bold geometry and clean, architectural lines
- Premium latch set construction combining stainless steel or forged brass trim with a commercial-grade tubular latch
- Spring-assisted interlocking chassis engineered for smooth operation and long-term performance
- Designed for high-end residential, mixed-use, and hospitality applications
- Stainless steel latch stabilizer bracket provides enhanced durability and resistance to heavy torque during 28° latch retraction
- Compatible with all INOX decorative levers, knobs, and escutcheon designs—no special modifications required
- Precision-engineered components ensure reliable functionality and consistent performance
- Supports cohesive specification as part of a complete INOX hardware system
- Durable material and finish options, including 38 Aged Brass and 19G Graphite Black
- Built for both new construction and retrofit installations with standard door preparation compatibility
